

We believe in the human dignity of all people. We commit to a community where we can make each other safe and be safe from harm so we can all strive for our personal and interpersonal excellence. I have rights in this community and I understand my responsibilities.

SAFE

I have the right to safety. My contribution to the school community will make others feel welcome. I make sure I know what to do to **make myself and others safe**.

- We will **identify trusted adults** and make sure I seek help if needed
- We will be **active** and report behaviour and situations I find concerning
- We will **respect boundaries and privacy**

ACCEPTED

I have the right to my **individuality**. My contribution to the school community will make others **feel accepted** and **free to be themselves**.

- We will **lead by example** and actively seek opportunities to contribute to the community
- We will **respect individual** differences and opinions of every member of the community
- We will be open to others wanting to **express themselves**

SUPPORTED

I have the right to **feel valued and supported**. My contribution to the school community will have a focus on finding and following our **purpose and supporting others** to do the same.

- We will **be passionate** about achieving personal excellence and making a positive contribution
- We will **actively seek guidance** about our pathways and learning so I can set ambitious goals
- We will **enthusiastically encourage others** in their purposes, goals and achievements

We all have the right to receive help when in need. Some actions we can take include:

1. Consider and improve my own listening skills and patience
2. Diffuse situations of violence and aggression
3. Make sure others can see my appropriate contribution
4. Treat people the way I would like to be treated
5. Leave the activity or seek help
6. Talk to a trusted adult and report the concern
7. Be prepared to talk about the situation openly
8. Be open to feedback and guidance
